A centenary celebration

Race for Nature

15 – 18 March 2023

Who we are

For 100 years The Tschuggen Collection has been welcoming guests to ski the beautiful mountains of Arosa.

We are committed to preserving our beautiful snowcapped mountains and pristine pistes for centuries to come.

As a thought leader looking to model best practices in the luxury travel industry, we are dedicated to playing our part and a meaningful role in tackling the climate crisis.

The entire Collection has been operated climate-neutral since 2019., through investing in our own energy infrastructure, creating efficiencies in energy use and waste management and by buying carefully selected carbon offset initiatives with the help of **myclimate.org.** Our Valsana Hotel has been powered entirely without fossil fuels, using geothermal energy and a state-of-the-art "ice battery", since its re-opening in 2017.

A centenary celebration

We are marking The Tschuggen Collection's 100th anniversary with a unique celebration which will:

- Spotlight issues and potential solutions around the Climate Crisis and Nature Conservation
- Raise a minimum of CHF 250,000 for Conservation related organizations and projects
- Celebrate the pure joy that can be found in the beautiful nature that surrounds us

Race for Nature

We invite you to a three-day celebration at the Tschuggen Grand Hotel Arosa including a charity Ski Race, a Gala Dinner and after party, Fireside Conservation Chats with leading climate change experts and all the wonderful amenities and services the award winning Tschuggen Grand Hotel offers.

The clock is ticking so join us in our "Race for Nature"!

The Race Package

For skiers

Have you ever wanted to train and race like a pro?

- Your team of three will be joined by a professional international race skier and a young talent from the Skiclub Arosa to compete in the Race for Nature.
- Enjoy a day training your race turns with your designated pro, pre-skiing yoga with our Moving Mountains instructor, and rejuvenate those tired muscles in our award-winning Moving Mountains Spa.
- Be inspired by Fireside Conservation Chats and party with us at the Gala Dinner and Party on the final night.
- The winning team will receive CHF 50,000 for a climate charity of their choice (approved by myclimate.org).
